What is the Prudential International Investment Portfolio?

The Prudential International Investment Portfolio is an investment bond that lets your client invest their money in a range of different funds. It’s suitable for any of your clients that would find access to a ‘gross roll up’ investment product beneficial from a tax perspective.

It aims to:
- increase the value of your client’s investment over the long to medium term by investing in their choice from a wide range such as collective investments and cash deposits.
- provide the ability to take a regular withdrawals in a tax efficient manner and access to the product’s value at any time.

Your client’s capital is at risk.

This product may be suitable for a client who is able to accept:
- A fall in capital.
- A moderate fall in capital.
- A fall in capital.
- A moderate fall in capital.

This product is not suitable for a client who is not able to accept:
- A moderate fall in capital.

### How does this product meet your client’s objectives and needs?

#### Preservation of capital

- Capital Guarantees are not available on this product.

#### Growth

- The available funds offer the opportunity for capital growth. But if the amount of money your client withdraws, added to the charges from the product are greater than the amount of growth, this will reduce the value of the investment.

#### Income

- Clients can take up to 5% of the initial investment and any additional investments as a tax-deferred withdrawal each tax year.

#### Time Horizon

- The recommended investment period is 10 years or more. Whilst the appropriate holding period for each individual client will be determined by their personal investment objectives, the term should be sufficient to recover from short term volatility in investment markets.

- Some investment options may have restrictions or penalties on making withdrawals, moving money between investments or cashing in all or part of the product.

#### Maturity Date

- If the Life Assured option is chosen then as a whole of life product there is no fixed maturity date.

- If the Capital Redemption Option is chosen then the product will mature 99 years from the date it starts.

### How do your clients invest in this product?

#### Execution Only

- This product shouldn’t be sold on an Execution Only basis.

#### Non-Advised

- This product shouldn’t be sold on a Non-Advised basis.

#### Advised

- This product is available on an Advised basis.
